A Journey to a Brighter Future

From Gaza to the University of Leeds

A Skilled Engineer from Gaza

A Palestinian mechanical engineer, husband and father of three, whose home and workplace have been destroyed by years of war and displacement. Now, he is fighting to rebuild his future, continue his education and secure a safer life for his family.

An unconditional offer to study MSc Advanced Mechanical Engineering at the University of Leeds, starting September 2027.

The Journey: Our Shared Goal

1. **Obtain passports and essential documents** ✓
2. **Pay the university deposit (£2,000)** — **NOW**
3. **Complete university admission and CAS requirements**
4. **Apply for student visas for him and eligible family members**
5. **Secure family accommodation and establish a safe life in the UK**
6. **Arrange evacuation and travel**
